

Just a simple question today, no hand, we don't want to embarrass anyone.

You open 1 Club, and partner bids 1NT. How many Clubs does partner have?

Beginners have been told a number of things, and they always seem to forget 1 of them.

1. A 1NT response to a suit is 6-9 points.
2. Bid your 4 card suits from lower to higher, unless a major fit is found.

Therefore the answer to the question is at least 4.
